

architects of change

Why a HIMSS membership

TODAY

is critical to your success

TOMORROW.

HIMSS

Montana Chapter

There has never been a more important time to be a part of HIMSS.

As new market and regulatory forces...along with unprecedented funding opportunities are defining our future, healthcare professionals everywhere need to be informed and involved.

HIMSS—as the leading authority on both ARRA and the appropriate implementation and use of health IT—offers the resources and leadership strategies to move professional careers forward and advance the cause of improving healthcare through information technology.

Explore these 'just-in-time' benefits of a HIMSS membership...

- **Latest Industry Intelligence** – Access HIMSS Economic Stimulus Webinar series along with timely trends and research
- **Education** – Gain valuable knowledge on the hottest topics taught by industry experts around the world
- **Networking** – Connect with colleagues and leaders alike
- **Professional Development** – Advance your career through education, certification and career resources such as the JobMine® database
- **Certification** – Become a CPHIMS to distinguish yourself as a proven leader
- **Advocacy** – Help shape the future of healthcare IT through HIMSS advocacy initiatives

No other professional affiliation links you to so many like-minded professionals sharing knowledge, solving problems and networking...more than 20,000 individuals and 300+ member companies and organizations all dedicated to moving the industry forward.

HIMSS Membership – Now more than ever!
